# Breaking All Records!

Never before have so many of America's most talented writers contributed their best efforts to the catalogs of Robbins, Feist and Miller. It's truly a record-breaking achievement. That's why operators play safe by selecting "the Big 3" hits for their music machines. They know that top grade performances and recordings by top artists assure them of big revenues.

Finally, after a close battle in the  
studio, the Victor and Bluebird labels  
have decided to handle the two sides  
of the "Farthest Ranger" film.  
The Victor side, "I'm Not a Fool," is  
a slow waltz, and the Bluebird side,  
"Like You," is a fast waltz.

HARRY WOOD  
ON BLUEBIRD 5-11583

Harry Wood, another in a long line  
of Victor and Bluebird artists, has  
just released "I'm Not a Fool," a  
slow waltz, and "Like You," a fast  
waltz, which he has made with the  
Victor label.

## Compliment Atlas On Repair Work

CHICAGO, July 11.—"The work, the experience and the expense that have gone into the development of the Atlas penny Company's recent offering are now being paid by thousands of operators for Atlas Atlas," admits Maurice Giesberg, Atlas official.

"At the same time, we have been receiving valuable criticism to our business and rated success," he stated. "The return on price most likely are the expression of appreciation as to credit from those who have served. The industry welcomed not that machine as the addition of cost was in value's quality to keep 'em going' is there in the work."

"I am especially proud of these comments we received from an operator a few days ago," Giesberg said. "We had completed and delivered a replacement order and a short time later, the machine was in operation. The operator wrote to compliment us on our work. It is good to know," said the operator. "Not only I send my praise to you for completing a job, but I also send my praise to you for the quality of the work. We operators are proud of our Atlas Atlas, knowing what value service means to us. It is a great point of pride in the work that we do in this work."

THE NEW 42 TONING  
MUSIC SYSTEMS

Singing, marching, clapping their white gloved hands in intricate formations . . . the gaily clad minstrels . . . together with the Music Halls, Sextettes and Barber Shop Quartettes . . . combined to make the "Gay Nineties" a new era of popular musical entertainment. Significant indeed . . . that during these formative musical years . . . the J. P. Seeburg Corporation was founded! Not only keeping pace . . . with transitions in music that have run from "The Curse of An Aching Heart" to the current "Jersey Bounce" . . . but always years ahead, the history of coin controlled automatic music is embodied in the continuous progress and leadership of the J. P. Seeburg Corporation. With this unparalleled background, the J. P. Seeburg Corporation has enjoyed the patronage of America's most successful music operators. These music operators know that this same company, which has been responsible for practically every major achievement in coin controlled automatic music in the past, can be relied upon to give them the best in the future.

# IT'S **WURLITZER** IN RICHMOND'S BUSY **WAKEFIELD GRILL**

WILLIAM W. WURLITZER  
General Manager of the  
Wakefield Grill

For music that's smooth and "Chicken in the Rough," Richmond, Virginia folks always head for the "Wakefield Grill."

This popular spot with its Early American interior proved an ideal setting for a Wurlitzer Colonial Model 780 E

Automatic Phonograph. Music is distributed through three dining rooms by six speakers mounted in the air conditioning ducts.

In the South, as in every section of the country, the nation's best locations offer the best there is in automatic music—Wurlitzer, of course!

The Rudolph Wurlitzer Company, North Tonawanda, N. Y.
